- Astonish (Rosen's)

Recommended Approved

Water Conditioners/ NIS/ Adjuvant

- Class Act Ridion (Winfield United)
- Iconic (Winfield United)
- Smoke (Helena)
- Astonish (Rosen's)

Recommended Approved

Oils and NIS

- Zaar (Helena) (+DRA)
- Superb HC (Winfield United)
- Destiny HC (Winfield United) (+DRA)
- Succeed Ultra (Winfield United) (+DRA)
- StrikeLock (Winfield United) (+DRA)
- FireZone (Helena) (+DRA-burndown only)

1) Engenia Alone – Pre/Post

- Approved Drift Reduction Agent (optional- but recommended)
- Oil or NIS
- FireZone adjuvant for burndown only (+DRA)

2) Engenia + Burndown/Residual Herbicides:

- Authority Assist, First or MTZ, First Rate, Valor EZ or Valor SX, Sonic, Surveil, Zidua Pro, approved metribuzin: Approved Drift Reduction Agent (optional- but recommended); Oil (recommended), FireZone adjuvant for burndown only (+DRA with FireZone)
- Dual Magnum, Warrant, or Outlook for residual only. Drift Reduction Agent **required** for Dual Magnum or Outlook.

3) Engenia + Glyphosate* Herbicides: Approved glyphosate

- Approved Drift Reduction Agent (optional- but recommended. Required for Abundit Edge)
- Approved water conditioner + NIS

4) **Engenia + Glyphosate* + Burndown/Residual Herbicides:**

- a. Approved glyphosate + Authority Assist, First or MTZ, First Rate, Valor EZ or Valor SX, Sonic, Surveil, Sharpen, Zidua Pro, approved metribuzin
 - i. Approved Drift Reduction Agent (optional- but recommended, required for Abundit Edge)
 - ii. Approved water conditioner
 - iii. Oil
- b. Approved glyphosate + Dual Magnum, Outlook, Warrant or Zidua for residual only. Drift Reduction Agent **required** for Dual Magnum and Outlook.

5) **Engenia Post Grass with Glyphosate* and Select or SelectMax, Section Three or Tapout Herbicide**

- a. Approved Drift Reduction Agent **required**, except for Section Three
- b. Approved water conditioner
- c. Oil (additional oil optional with Tapout Herbicide and approved Glyphosate, necessary for best control with other clethodim products)
- d. Increased rate of clethodim herbicide (+25-33% normal rate)

6) **Engenia + Post PPO or PPO + Residual or Residual with Glyphosate*. Reflex, Sinister (PPO) or Warrant, Dual Magnum, Outlook or Zidua (Residual)**

- a. Approved Drift Reduction Agent **required** with Sinister, Dual Magnum or Outlook
- b. Approved water conditioner
- c. Oil (for PPO containing herbicides)

NOTES

- Glyphosate applications are limited to 1.125# ae/a per application (IE: 32 oz/a Roundup PowerMax)
- Specific approved herbicides, adjuvants and nozzle options can be found on the www.engeniatankmix.com website.
