BayerPLUS -UPDATED Registration Process

REWARDS

First things first, do you have a Technology ID?

- Yes, I have my Technology ID handy.
- Yes, I have a Technology ID but I don't know it.
- No, I don't have a Technology ID and I need to create one.

Enter your Technology ID.

All we need is your Technology ID and ZIP code to sign you up for Bayer PLUS Rewards!

Technology ID

ZIP Code

SUBMIT

Once we find your information it will be presented for the grower to claim their Technology ID:

Perfect. Here's what we found:

Double-check your information before you sign up. If something doesn't look right, please [contact support](#).

123456789 - John Doe, St. Louis, MO

By enrolling in Bayer PLUS Rewards you acknowledge Bayer's [Conditions of Use](#) and [Privacy Policy](#).

FINISH SIGN UP

TRY A DIFFERENT LOOK-UP METHOD

- Click the box and Finish sign up to complete the enrollment

NEW Pending Registration Status

- New to the Bayer PLUS Registration Process
- Takes less than a day to complete this new process
- Previously, if a Tech ID wasn't found the user would either need to reach out to the CIC or login via AgCelerate
- Now a pending registration status will be assigned to the grower as long as the Tech ID is valid
- For most growers, there will not be anything they will need to do so registration can be completed in one step instead of 2 or 3, This is a much easier and more user-friendly Registration process

REWARDS

Pending Growers

- Now when a pending status is assigned, the grower will see a pending version of the dashboard
- They will see this messaging only, no dashboard elements other than Tech ID, Calculator & Support information

Overview	Bayer PLUS Dashboard
Account Preferences	Registration status: PENDING
Grower Profile	We're still working to finalize your registration. We'll send you an email in about <DAYS> to let you know when it's ready — so keep an eye on your inbox!

While Pending

- If a grower logs in, they will see the “Pending” messaging (see below)
- Grower cannot access Tech ID details page or “All Transactions” page
- On the Account page, the status will show “Pending”

Pending Registration Complete

- When the “pending” process is complete there are two possible outcomes, Success or Failure
- **Success:** Success email with link to dashboard
 - *If a Tech ID changed a slightly different email will be sent*
- Grower is fully registered and when logged in has access to all functionality and screens
- The dashboard has a success notification at the top when entering for the first time
- Account page will show “manager Bayer PLUS Rewards”
- **Failure:** Failure email with explanation, link to AgCelerate, and Support information
- Failure happens when
 - Invalid Tech ID, Unlicensed Tech ID, or Tech ID already taken
 - *This will be very rare*
- Grower will need to sign up for a new Tech ID
 - *If their Tech ID is already claimed, they will see a slightly different message and no AgCelerate link*
