

CO-ALLIANCE®

Get What You Need With Our New Solutions Bundles

Co-Alliance is an industry leader in providing the latest agronomic services to our customers. These award-winning services include Soil Sampling, Scouting, Seeding and DataOnTouch. This year we are excited to offer you ALL these Directive Services at one low cost.

Services

Directive Soil Sampling

- 4 acres management zones with 4 year rotation
- Geo-Referenced soil points allow us to consistently return to each sample point
- Hydraulic auto-probes to ensure consistent sampling depth
- Precise product recs based on industry standards and/or yield removal with soil test data recs

Directive Seeding

- Seed scripts that formulate population based on a comprehensive algorithm
- Consult with your local Co-Alliance representative to fine-tune seeding rate
- Flexibility of having a map for every Dekalb or Asgrow variety you have purchased for all of your fields
- In-house research and manufacturer research utilized for every variety

Directive Scouting Lite

- Field Scouting, Tissue Sampling, Manual Drone Imagery, and Patterned Drone Map Imagery

Field Scout Pass Geo referenced field points are professionally assessed four times by Co-Alliance Scouts

Tissue Samples Improve yield potential through lab tissue analysis

Manual Drone Focus on select POI with aerial photo and video

Pattern Drone Create a Map from aerial footage

DataOnTouch with N Model

- Web and iOS based system that requires zero set-up
- Instant access to your Accounts, Maps, Weather, Scouting, and Grain information
- Access to the Co-Alliance Weather Network for live weather conditions
- Nitrogen Model utilizing soil probes to create accurate in-season and post-season evaluations
- Automated updates about fields Co-Alliance has custom applied for you
