

SUNRISE INTERNSHIP PROGRAM

POSITION: SUNRISE SUMMER INTERN
DEPARTMENT: ALL
REPORTS TO: ASSIGNED MENTOR

Sunrise Cooperative is looking for out of the box thinkers who are hard workers, willing to put forth the extra effort to take care of our customer-owners. An opportunity for real-world, hands-on experience awaits you through the Sunrise Internship Program.

To provide support with the overall experience, all interns will be placed with a mentor to guide them as they learn applicable skills to help ensure the future of the agricultural industry. The Sunrise Internship Program offers an opportunity to explore career paths and job positions throughout Sunrise. Areas include but are not limited to working with our Solution Advisors in the areas of agronomy, feed, grain and energy sales, along with operations and marketing.

The Sunrise Internship Program culminates with a summer project of the intern's choice to be presented to the Sunrise Senior Management Team. This project encompasses what the intern has learned throughout their internship and provides an opportunity to showcase an avenue of opportunity for Sunrise in the future.

The application window is open now until the end of October, with internships offered in December. The application process is completed online at www.sunriseco-op.com/Careers/Job-Opportunities; click on the Summer Intern job posting.

Gain hands-on experience while making an impact through an internship with Sunrise Cooperative. Join the Sunrise team that strives every day to grow the success of our customer-owners.

PRIMARY DUTIES:

- Provide support in all departments of Sunrise Cooperative's which includes agronomy, energy, feed, grain and precision.
- Lead the scouting efforts on all fields assigned. Fill out all required forms and provide a scouting report to the agronomy team on a routine basis.
- Enhance the efforts of the Sunrise precision team. Including soil and tissue sampling, analyzing results and making recommendations, as well as sales/installation of precision equipment.
- Expand knowledge on the operations side of a cooperative.
- Explore PCT | Sunrise® and marketing departments.
- Learn and experience the propane side of our energy business.
- Complete a summer project and present it to the Sunrise leadership team. **All interns who present a project have the opportunity to receive a Sunrise scholarship.** One scholarship will be awarded.

SECONDARY DUTIES:

- Assist with all Sunrise plot activities.
- Participate in bi-weekly regional meetings
- Attend all Sunrise training days assigned by Mentor.
- Maintain all Sunrise equipment to company standards.
- All other duties as assigned.

PHYSICAL REQUIREMENTS:

- Ability to lift a minimum of 50 pounds.
- Ability to read, count, and write to accurately complete all documentation.
- Ability to work long varied hours/days as business dictates.
- Must be 18 years old and have a high school diploma or equivalent.
- **POTENTIAL HIRE WILL BE REQUIRED TO PASS A PRE-EMPLOYMENT DRUG SCREEN.**
