

SUMO

Sumo combines the most advanced and aggressive sources of fat and milk products to ensure immediate acceptance and improved bloom and consumption.

- Provides the most advanced sources of fat and milk products for improved bloom and condition.
- Unique blend of dry fat and milk sources for sheen and fat cover.
- Enhances bloom through all development stages.
- Supports immediate acceptance and improved consumption.

How To Feed Sunglo® Sumo™:

- Feed at the rate of 4 -12 oz per head per day for desired condition.
- Use as a ration mix or top dress.

Important Management Tips:

- Always provide access to fresh, clean water.
- Check weight gains at set time intervals and adjust daily feeding rate as needed until target weight is reached.
- Always transition slowly from one ration to another to help avoid digestive upset.
