

Tennessee Coop

Out of our care and concern for your health and safety, we have decided to suspend Chaplain work site visits until further notice due to COVID-19 concerns. While this decision relates to cautions for physical health, we realize there are great emotional and mental health effects related to the spread of information about COVID-19. ***While the Chaplains may not be physically present as often, we remind and encourage you to take full advantage of their 24/7 availability.*** We provide this benefit because we care about your emotional, mental, and spiritual health. This benefit is for you, and your immediate family.

If you or a family member is experiencing any stress or anxiety during this period, please reach out to your Chaplain team. It is normal to feel an increase in anxiety at times like these, which can make it more difficult to manage daily stressors (e.g., work, family, health, financial, etc.). Your Chaplains are trained to be a confidential, neutral third party—and can refer you to other services as needed.

Contacting the Chaplain Care Team

- To contact your Chaplains 24/7, download the MyChap app on your mobile device.
- Enter you company location code: **116237**
- Or enter the Chaplains in your contacts from the information below:
