Valley Wide Cooperative acquires Corbridge Oil, Aberdeen, Idaho

Our values are important to us at Valley Wide Cooperative; they provide the guiding principles behind what Valley Wide Cooperative stands for and what we aspire to achieve. Values guide our decisions, and we aim to always do the right thing for our co-op owners, customers, and employees.

One of the Valley Wide Cooperative values is based around finding opportunity by embracing change. We have grown by expecting change and exploring ways to grow in different environments. A growing customer base calls for increased products in certain regions. For customers' operations, it's crucial to have easily accessible energy, agronomy, and farm supply products so they can be efficient and successful. We are working to better serve our customers in the Aberdeen, Idaho area and are glad to announce our recent acquisition of Corbridge Oil Co., effective July 1, 2020.

We are looking forward to continuing doing business as we have always done, with respect for our customers and business partners.

Valley Wide and Corbridge have worked together, selling propane, since 2012 when we bought Cowboy Oil. The partnership has worked well and turned into a good thing for both our co-op and for Corbridge Oil. Owner, Kris Corbridge says, *"I'm excited to move forward with Valley Wide Cooperative. I feel really good about it and like I'm joining a talented team that will serve this area, well-into the future."* We are accountable, and eager, to carry on the legacy that has been serving the Aberdeen, Idaho area since 1977.

Finding opportunities, embracing change, and growth are a few of the ways that our co-op is working towards success.

## Our Values
